*Based on nationwide GWS drive test data. GWS conducts paid drive tests for AT&T and uses the data in its analysis. **AT&T 5G:** Requires compatible plan and device. Not available everywhere. Details at **att.com/5Gforyou**. **Data-only plans: Taxes and fees extra.** International data roaming not available. Not eligible for AutoPay or multi-line discounts. **Monthly plans:** Good for 30 days or until data allowance is depleted. If depleted prior to 30 days, a Data Add-On can be purchased and is available for 30 days. Account will stay active up to 365 days after plan expires. **12-month plan:** Requires advance payment of $300 for 12 months of service. **Video Streaming:** Plans include the Video Management feature. We aim to render streaming video in standard-definition (max speed of 2 Mbps for customers on both a 5G-compatible device and rate plan, or 1.5 Mbps for other customers) though some video cannot be identified. Sometimes other content that content providers bundle with streaming video may be impacted and slowed, including downloads. In certain situations, we may deliver video content faster or at higher definition. To experience higher definition video when available, or if you have an issue, turn the feature off or back on any time at **att.com/myprepaid**. Details at **att.com/VideoFeature**.
